Check with Rick to see if he had already started something or given it thought, I sent him a while back an example letter of a model we could use per Alex's suggestion on PFAS.

Memo on animal alternatives—draft needed by next week to AAW.
I've asked Kaitlin to flesh something out today.
Directed to AA's from AAW

My thoughts (open to other suggestions):

Deliberative Process / Ex. 5

Other thoughts? I don't think it needs to be more than a page.
Draft by COB today.

Thanks!
